(54) Title: **METHOD FOR FORMING A FASCIA ASSEMBLY FOR A MOTOR VEHICLE**

(57) Abstract: The present application discloses a method for forming a fascia assembly that is to be mounted on a front or rear end of a partially completed motor vehicle. The method comprises (1) molding and solidifying a molten first material so as to form an exterior fascia panel having a first connecting portion integrally molded therewith, and (2) molding and solidifying a molten second material so as to form a fascia assembly component having a second connecting portion integrally molded therewith and molded and solidified to the connecting portion of the exterior fascia panel in an interconnected relationship.
